MOB HAD THREATENED TO KILL THE TRAINMEN.

#### First Time Cars Have Been Moved With Soldiers on Them Ready to Fire Strikers Use Dynamite on a Washery Dam, a Bridge and a Workman's House.

TAMAQUA, Pa., Sept. 19 .- The unusual pectacle was presented here this evening was mined by Americans," "This car conof a coal train coming into the town guarded by soldiers. This is the first time the militia has furnished the railroad companies with protection, and it is believed that the move will result in a marked increase in the shipments of coal to the New York and Philajelphia markets.

When three engines were sent to-day the North Mahanoy colliery to take about wenty-five cars of coal which had been increased shipments next week loaded there a mob of about 500 strikers marched on the tracks and warned the crews not to dare to take the coal out. The matter was reported to the railroad ficials and an appeal was made to Gen. Gobin for troops. The Eight Regiment assent to the scene and the troops marched long the tracks. The strikers placed obstructions on the rails, but they were removed by the soldiers.

When the cars had been run out into the main track Company G was detailed to guard the train. Five men with loaded guns were placed at each coupling and in his manner the train was run to this place. where the soldiers were relieved. The rain was then placed incharge of another rew and taken to Philadelphia.

Gen. Gobin said to-night that he will send the First Battalion of the Twelfth Regiment to the North Mahanov collieries in he morning. He is undecided whether to have them make a permanent camp there or only to have them remain for the

The strikers," he said, "are endeavoring to create the impression that the engineers and crews of the first two engines did not go to the colliery because they would not haul coal mined by non-union men. That is not so. Their engines were boarded by strikers and they were told they would be killed if they tried to reach the colliery. No soldiers were there then. When the soldiers arrived they did not hesitate about

#### A WASHERY DAM BLOWN UP. A scheme to Prevent the Resumption of Work.

WILKES-BARRE, Sept. 19 .- An effective method of preventing the work which was to have started at the Maffett washery of the Lehigh and Wilkes-Barre Coal Company was taken by some persons during the night. The big dam along Soloman's miners marched Creek, about five miles from this city, which supplies it with water, as blown up with dynamite and destroyed. It will take some time to rebuild it and the proposed operations have been abandoned for the time.

Ashlev was shaken about 3 o'clock this morning by the force of the explosion. and a searching party found Soloman's Creek swollen with the escaping waters. No serious damage was done along its course, however. There is no clue, although the footprints about the dam indicate that several men were in the plot.

Numerous small cases of violence occurred about this city this morning. Men going to the Mineral Spring colliery near Parsons were attacked and beaten. At Plymouth men were attacked and turned away from work and at Nanticoke a large force of pickets was out for the first time in weeks and tried to turn back men. There was no violence there.

No new collieries were started to-day the Wyoming district, but there was a general increase in the number of workers and the amount of coal produced.

SCRANTON, Pa., Sept. 19 .- There was a repetition of violence here to-day on the part of the strikers. The first act occurred at the Bellevue mine. The strikers He Shows His Receivership Measure to gathered to the number of about three hundred, to watch a street car bring a crowd of non-union men to the mine. The District Attorney refused to put
Polowicz on trial at the September term of court because three-fourths of the panel of jurymen drawn were strikers. The defendant's counsel contended that bail should be allowed. The Court granted the application and fixed to-morrow for a

### Bishop Fallows for Arbitration

WILLES-BARRE, Pa., Sept. 19. Bishop Fallows of Chicago issued a statement to-day, after conferring with President Mitchell, in which he says that arbitration the miners' and operators' only hope of bringing about a settlement.

#### COAL TRAINS MOVING.

The First to Pass Through Reading Sine the Strike Began.

READING, Pa., Sept. 19 .- Two long trains newly mined anthracite coal passed through this city for tidewater points to-day, the first solid trains of hard coal since the miners' strike began. They consisted of sixty-nine cars. It was such a novelty that thousands stopped to read he chalked inscriptions on the cars, such as "This is the genuine article, "This coal

tains seab coal," &c. The coal was mined in the Reading company's collieries in the end of Schuylkill county, principally at Brookside and Good Spring, by licensed miners. Railroad men say to-night that there are 365 more loaded cars in the yards to be shipped to Philadelphia and New York before morning. Reading company officials expect largely

#### MITCHELL SPEAKS TO MINERS. No Plan Will Be Made to End the Strike

Except by a Convention. He Says. SCRANTON, Pa., Sept. 19. Five thousand miners and their sympathizers gathered on the Dickson rifle range, just outside the limits of this city, this afternoon, to listen to speeches of encouragement from President Mitchell and other leaders. All of policeman on a warrant sworn out by a the leaders took a strong stand against violence. Mr. Mitchell said: "The worst enemy that the United Mine Workers has

Considerable enthusiasim was manifested and the speakers were frequently interrupted with applause. Burgess Kennedy of Priceburg presided. Miss Edna Carter of Dickson, aged 10, recited "Mitchell in the Presidential chair." Bishop Samuel Fallowes of the Reformed Episcopal Church of Chicago was one of the speakers. He saidthat he came as a representative of the Miners' Relief Committee of 100 of Chicago and he expressed surprise at beholding Miners' Relief Committee of 100 of Chicago and he expressed surprise at beholding such an assemblage, which, he said, was worth coming all the way from Chicago to see. He declared that he had not seen such a gathering since 1861 and 1862.

Among other things Mr. Mitchell said:
"An ex-Mayor of New York says that the recognition of John Mitchell is the issue of the strike and not the recognition of the

of the strike and not the recognition of the union. I would willingly resign if I stood in the way of recognition. Others have said that John Mitchell was not a faithful leader and that he was not leading the miners right. John Mitchell claims no superior knowledge, but he does not propose to lead the men the way that the companies want

Further on, he said: "Let me say that this strike will never end except in a con vention where a majority of delegates decide to end it. No proposition will be sub-mitted to the operators by me until it is given your approval. Stand firm, Go on as at first. This is a fight, not only for better conditions for the miners, but it is the battle of organized labor of the country. If you are defeated it means the greatest blow that American trade unionism ever suffered."

There was a parade in which thousands of

McCarthy, a lawyer of Hazleton, Pa, headquarters here to-day and submitted to the Senator the draft of a bill making provision for the appointment of a receiver to assume control of the anthracite coal mines under certain contingencies Senator McCarthy recently submitted th same bill to President Mitchell of the United Mine Workers.

The measure authorizes the Legislature

to appoint a receiver for the coal com-panies on the ground that the corporations have violated the State Constitution which provides in Article XVI., section 3, that charters and franchises of incorporated companies may be revoked if the business of the rpositions is so conducted as to infringe rights of individuals or the public

#### STRIKE HURTS THE POOR. Many of Them Are Burning Wood, Say Ballington Booth.

Commander Ballington Booth of the Volinteers of America made a tour among the tenements in Water street yesterday with the object of learning how the coal strike affected the poor. He found that people who bought coal by the pail were paying double what they paid last year and that many were burning wood pur-chased in stores or gathered by their chil-

dren in the streets.

Coal dealers said yesterday that the retail price of anthracite was \$11 a ton, an advance of \$1. No formal agreement was made fixing the advance, but a general understanding about it prevailed.

#### STRIKERS GETTING COAL. Digging It From a Cemetery Hill-May

Be Prosecuted. SHAMORIN, Pa., Sept. 19.—The Shamokin Cemetery Company served notice on strikers to-day that they would be prosecuted at once unless they stopped mining coal from the bottom of a hill on which the cemetery is situated.

The company fears that if the tunnels are driven too far into the hill for fuel, cave-ins will swallow up many coffins containing the dead.

The strikers promised to quit work before endangering the surface of the hill.

#### VONKERS TO BURN WELSH COAL B ard of Education Decides to Import

Enough to Heat the Schools. YONKERS, N. Y., Sept. 19.- The Board of Education of this city, through its president, Charles Philip Easton, a New lawyer, has decided to import enough tend from Wales to heat the schools in the winter. The local coal dealers refused to put in bids for supplying the schools. It is said that there is not enough coal in the city to heat the schools one month. President Easton thinks the price of imported coal will be \$7.50 per ton, landed at Yonkers. The coal may be brought over as ballast on a liner.

### Lawyer Cohen Discharged.

Each car has been guarded by details from

the two companies of the National Guard now in camp in Saratoga county. The bitter feeling against the company has increased. Two bridges at Thomson and Schuylerville were saturated with oil and resin last night, and the first one was set on fire and a portion of it burned. The incendiaries were evidently scared away before setting fire to the second bridge. On the Saratoga division a boulder weighing nearly a thousand pounds was put on the track, a switch was torn out in Ballston

and an attempt was made to blow up the Saratoga powerhouse dam with dynamite. The company claims is the striker who is unlawful."

Considerable enthusiasim was manifested to have a full complement of competent men and purpose to increase the service each day until the schedule is reached.

Many cash fares were collected to-day. Representatives of the Central Trades and Labor Assembly will go to Albany tomorrow with resolutions adopted to-day denouncing the Sheriff for calling out the troops and demanding that the Governor recall them. The resolutions allege that here was no need of the National Guard, and that prior to their being called out no act of violence had been directed against the company or any of its employees or property. The Central Trades Assembly seld a mass meeting on the public square to-night to protest against the Sheriff's

Saratoga, Sept. 19.-The Hudson Valley Railroad, which for three weeks has been handicapped by a motormen's strike, suffered loss by the criminal acts of strikers or persons in sympathy with them. The bridge at Thomson's mill was set on fire and ruined and a bold attempt was made o destroy a bridge at Schuvlerville at different points. Obstructions were placed rate and air pumped in. on the tracks, rails were spread, switches were broken, tracks were greased and trolley wires were cut, thus rendering inoperative certain sections of the road. No acts of violence were reported to-day, but many are apprehensive that the depredations may be duplicated at other isolated points tonight. Companies I. K and L of the Second Regiment, National Guard, are on duty on the Stillwater division and at Fort Edward and Glens Falls, and the National Guardsmen to-day protected the company's new non-union men while they operated cars in those sections. #### WANTED TO PAINT PAINT. Why a Strike at the Union Club Building

Wasn't Settled. Work has been tied up for three months at the new building of the Union Club, Fifty-first street and Fifth avenue, over a cut-throat fight between the Brotherhood of Painters and the Amalgamated Association of Painters. The Amalgamated Association is affiliated with the Board of Building Trades, and the Brotherhood of Painters is not. The Amalgamated Association ordered its members on strike to force the discharge of members of the broth-

ordered out the other trades in sympathy. It was learned yesterday that several futile attempts have been made to end the deadlock. The strike was nearly settled when the Amalgamated Association made a demand that some work done by members of the rival union be done over

Henry Kleinpeter, a waiter in the Hotel Kensington, at Fifth avenue and Fifteenth street, hung himself from the bedpost in his room at 230 West Fifteenth street yesterday. His body was found by a policeman whom the landlady had called in. In the room was a letter signed "Lizzie," asking if Kleinpeter was sick.

The body was removed to the Stephen Merritt Burial Company's undertaking establishment at Nineteenth street and Eighth avenue last night. Supt. Carroll of the establishment said that a young of the establishment said that a young woman who gave her name as Lizzie Reynolds called and said that she was employed with Kleinpeter at the Hotel Kensington. Mr. Carroll said that the young woman told him that she and Kleinpeter were to have been married, but had put off the wedding until he could get a better position. She said that his relatives in Germany were wealthy. Germany were wealthy.

MARIE HENRIETTE HAD LONG BEEN AN INVALID.

Her Life on the Throne Not a Happy One Her Children the Cause of Much Sorrow-Complained Recently of Loneliness Heart Disease Caused Death.

Special Cable Despatch to THE SUN. SPA, Belgium, Sept. 19. - Marie Henriette Queen of the Belgians, who had been ill for a long time, died here this evening. The Queen died at 7:35 o'clock after a

sharp attack of her heart trouble. King

Leopold has left Bagnrèss de Luchon for Spa, and Princess Clementine and other members of the royal family have been summoned. All fêtes have been suspended. Marie Henriette was one year older than her husband, Leopold II. She was the daughter of the late Archduke Joseph of Austria and was born in 1836. She was married to Leopold when she was 17 years old. He succeeded his father to the throne in 1865. Her beauty was remarkable. She bore him four children, one of whom, the Duke of Brabant, died when he was 10 years old. #### NAVY OFFICER IS MISSING. Lieut. A. C. Owen of the Massacht Vanished Aug. 18.

Capt. Manney of the battleship Massa chusetts, lying at the navy yard in Brooklyn, has reported to the Navy Department the absence of Lieut. Alfred Crosby Owen who has failed to report for duty since Aug. 18. The Massachusetts left this port to par

ticipate in the manœuvres about Aug. 20. Lieut. Owen was last seen on board on Aug. 18. When the vessel returned from the manguvres it was believed that Lieut. has failed to do. A number of persons have visited the yard recently looking for the missing officer. It appears that he ran up several bills with

radesmen and failed to meet the obliga-tions. Several tradesmen say that the advanced him money on checks which were subsequently returned unhonored.

The officers of the vessel say that the Lieutenant acted in a peculiar manner for some time before his disappearance. On one occasion he ordered thirty-six white jackets from a tailor, when in reality all

e needed was four or five.

During July and the early part of August he frequently visited Sherry's, and once ran up a bill and then gave a check for \$50, receiving in exchange the difference between the amount of the bill and the \$50. The check was subsequently returned marked "no funds."

## ONE YEAR AGO TO-DAY

It's just a year ago to-day that this store in COOPER SQUARE was opened—the fifteenth in a system from Boston to Omaha.

It offered some advantages to the Men and Boys of New York that they were very ready to appreciate and take advantage of. Here are some solid reasons why YOU

should come to Cooper Square for your Fall Suit, Overcoat, Hat and Furnishings.

Our methods are different from those of others. For instance:

WE MAKE all the Clothing we sell in our own Fifteen Retail Stores.

We make it in our own Modern Factory Building in Cooper Square, New York City.

It is manufactured under the strictest personal supervision.

It is always of one grade as to workmanship, and that the highest.

The materials used are the best obtainable. In dealing with any one of the fifteen Retail Stores of BROWNING, KING & CO. you are dealing with headquarters so far as responsibility is concerned.

#### SOUTH AMERICAN FREIGHTS UP Steamship Lines Agree on an Advance of Twenty Per Cent.

Special Cable Despatch to THE SUN LONDON, Sept. 19 .- As a result of the onference at Ostend of representatives of the steamship companies trading between Europe and South America, all the principal lines doing business between Europe and the River Plate to-day raised the rates on outward-bound freights 20

This involves similar action by the lines trading between New York and the River Plate. These are the Lemport & Holt. the Prince and the Houston lines. This will bring the rates from New York in conformity with those from Europe. It will make the charges from any port in Europe or the United States to the River Plate the same.

#### Forgeries by a Carnegie Employee. Special Cable Despatch to THE SUN.

LONDON, Sept. 19.-L. H. Greig was ar ested to-day charged with forging checks for £1,200, £400 and £300, signed by Col. Hunsiker, with intent to defraud the Carnegie company, by whom the prisoner was employed as a bookkeeper. It is believed the total amount of the forgerie will exceed £10,000.

### Coming for Ship Trust Conference.

Special Cable Despatch to THE SUN. LONDON, Sept. 19. Henry Wilding, formerly chairman of the Leyland Line, who it is said, is to be the general manage of the Atlantic combine, will sail for New York to-morrow to take part in the conferences with J. Pierpont Morgan.
